I do not claim that Youtube is free of bias, but I do claim that you will find here many views that you cannot find in MainStream Media (MSM). All here is addictive so I do not recommend it for those with children at home or intense careers. I suffer no advertisements on Youtube because I pay $15/month for Youtube Premium. Long text & video I usually skim. You might also Enjoy my Science Channels. Refresh page might update! --Jon Claerbout
