

Academics are living in a Culture of Fear

Say the wrong words and lose your job?
What is this craziness in America today?

Many intellectuals document it and explain it. The [Heterodox Academy](#) is growing rapidly (currently 4000 members) with bi-weekly podcasts, annual meetings, etc. [Enjoy their website.](#) A [registered charity in the USA.](#) I intend to give them money.

[Stanford renaming buildings.](#) [Brain washing.](#)

I've gathered for you links to podcasts/Youtubes of deep thinkers. Each of the names below is a link to a search of Youtube for the person's interviews. Most are long. Breathe deeply and take your pick. Save your job and save your institution!

((I'm a retired Stanford University Professor elected member of the US Academy of Engineering. My political bent has been libertarian until 4-5 years ago when I began thousand-dollar donations to three Democrat presidential candidates (Sanders, Yang, Gabbard).))

I welcome your suggestions on how to improve this page and how to distribute it.
