For each video link, I'll tell you about it, then turn it on for maybe two minutes, and then invite group thoughts and discussion. Hopefully, some of you will have looked it over in advance and have found valuable thoughts for us.

You are welcome to bring in links of your own. You introduce a link. I'll broadcast it for a few minutes (starting from your predetermined best jump-in time). Then we'll invite group thoughts and comments. If your link is text, you can talk about it and read a few minutes of it.

I experience no advertisements on Youtube because I pay $15/month to have them stripped.
