
STANFORD EXPLORATION PROJECT

Report No. 11

April 1977

By

D. Brown, J. Claerbout, R. Clayton,
G. Da Prat, B. Engquist, R. Estevez,
T. Fulp, W. Lynn, S. Mehta,
D. Tjøstheim

Stanford University
Stanford, California

CONTENTS

	Page
CLAERBOUT, J. F., SEP Synopsis and Prognosis	1
CLAERBOUT, J. F., Migration with Fourier Transforms	3
LYNN, W., Solution	6
LYNN, W., Implementing f-k Migration and Diffraction	9
DA PRAT, G., and W. LYNN, Migration Examples Using Fourier Transforms	29
CLAERBOUT, J. F., How to Measure rms Velocity with a Pencil and a Straight-edge	41
LYNN, W., Lateral Velocity Estimation from Unstacked Data	45
MEHTA, S., Concurrent Migration and Velocity Estimation in a Random, Non-Gaussian Earth	61
ESTEVEZ, R., Predicting Multiple Reflection Arrivals on Slant Stacks	77
BROWN, D., Improving the Accuracy of Difference Approximations to the Migration Equation	85
BROWN, D., Inhomogeneous Boundary Conditions for Wave Equations	103
CLAERBOUT, J. F. and R. CLAYTON, The Stability of Absorbing Side Boundaries	111
CLAYTON, R. and B. ENGQUIST, Absorbing Boundary Conditions	116
ESTEVEZ, R. and T. FULP, A Look at Direct Arrivals	133
FULP, T., Relating the Direct Arrival to the Shot Waveform	147
ESTEVEZ, R., Slant Stacks and Intervals of Optimum Stacking	157
CLAERBOUT, J. F., Weighted Burg-Levinson Recursion with Noise	167
CLAYTON, R., Refracted Body Wave Amplitudes	173
CLAYTON, R., and J. F. CLAERBOUT, Dispersion Relations for Elastic Waves	189
CLAERBOUT, J. F., Overthrust Imaging Coordinates	195
CLAERBOUT, J. F., Radiative Equilibrium in Acoustic Layered Media	199
MEHTA, S., Equalizing Gain on Seismic Sections by Quantiles	205

Contents (continued)

	Page
CLAERBOUT, J. F., How to Transpose a Big Matrix	211
TJØSTHEIM, D., Autoregressive Modelling and Spectral Estimation for Spatial Data: Some Simulation Experiments	213
CLAERBOUT, J. F., The Switch to a Minicomputer	237
Research Personnel	239
List of Sponsors	241
CLAERBOUT, J. F., Outline/Index	243
